The teaching sessions overall

What went really well for you?

The best thing was ...

One thing that surprised me was ...

What would you do differently

Something I'd do differently if I was doing this all over again, is ...

Also, ...

How do you feel you managed the delivery of embedded literacy and numeracy?

I think that ...

What was it like collaborating with the learners on different things?

For the learning plans, I thought that ...

Another thing was ...

What about any collaboration with your supervisor? Any comments there?

One thing ...

Any comments on your learners' evaluation of the sessions?

They said that ...

Moving forward

Are there any key changes or improvements that you will make to your teaching?

One change that I'm considering is...

I know I need to ...

What kind of goals do you think you need to set for your learners from here?

Learner A needs to ...

Learner B needs to ...

What are the implications for you now for designing literacy and numeracy teaching and learning?

One implication is that ...

Another thing is...
